Buildaform has already changed the way certifiers do business.

“Buildaform Inspector saves approx 30 min per inspection in processing time. Overall Buildaform has made an immediate and significant effect on my business profitability and I would recommend the system to anybody looking to run their business with greater efficiency.”

Greg Roberts
Building Approvals Group
Queensland

Don't wait any longer to take advantage of technology to run your business or council department more efficiently!

MOBILISE YOUR REPORTS IN 3 EASY STEPS

- 1** Login to Buildaform to set-up file and select inspections required.
- 2** Take your mobile phone or laptop to site and complete inspection
- 3** Back at the office preview, edit and finalise reports prior to printing or emailing.

ALL YOU NEED TO GET STARTED is an internet connection and a mobile phone running Microsoft Windows Mobile 5 software. Inspector is priced per file so you only pay for what you need.

TURN OVER TO LEARN HOW

BUILDIFORM CAN:

Save you a minimum of \$10,000 per year *

Assist you to use photos to better report defects

How we've calculated **Buildaform Inspector** will save you **\$10,000** or more every year

Inspector can save you 200 hours a year (minimum)*

TASK	Paper system	Buildaform
	Av. time to perform task (mins)	Av. time to perform task (mins)
Tracking and scheduling inspections	5	2
Onsite completion of inspection	15	15
Write up of inspection results on site on paper	10	0
Taking / managing photos	5	0
Back at office -finalising report/uploading results into system	10	2
Sending report to client via fax/letter and filing report	5	1
TOTAL MINUTES	50 mins	20 mins

Inspector can save you \$10,000 year (minimum)*

30 MINUTES SAVED PER INSPECTION	STAFF COST @ \$25 per hour
Amount saved per inspection with Buildaform	\$12.50
Average number of inspections (4 jobs x 100 inspections p.a)	400
TOTAL YEARLY COST SAVINGS	\$10,000

* Conservative estimates based on a single certifier office processing 100 jobs per year (4 inspections per job) and a 30 minute time saving per inspection, with labour hourly costs of \$25 per hour.

Use **Inspector** to improve the way you report defects

Take photos on your phone and mark up defects and send direct to clients with report.

BCA Fire Audit – fire isolated stair
Defect – Fire door “won’t release & close as the arm is over extended”

BCA Fire Audit – external building second egress door within 3m of boundary
Defect – “Opening not protected as per C3.4 BCA”
